

Greetings, SummerGATE Families:

At the moment, there are no changes to our summer schedule. We are taking every precaution to ensure a safe and healthy program for your youngster while striving to provide quality learning and hands on educational experiences. We continue to stay informed on the evolving COVID-19 situation with resources from the San Francisco Department of Public Health and the Centers for Disease Control and Prevention and will keep our families posted on any changes. Please continue to turn in your emergency forms and spread the word about our amazing class-line up, which is filling up fast! You can continue to register for classes here: <https://www.summergate.org/>
