

K-8 Morning Classes

| 9:00 - 12:30 | Full Day Only | Tuition\$1250.00 |

Animals of the World *Mettling*

■ **Grades K-1** You bring the safari hat; we'll supply the binoculars as we take off for the wild side! Watch out, there's a Golden Lion Tamarin! I see a Scarlet Macaw in that tree! Let's learn whether these animals like to eat meat, plants or people, and learn what kind of habitat they like. Then we'll put on our biological thinking caps to determine what we can do to help wild animals survive.

Art and Architecture *Giannini*

■ **Grades 1-3** Paint, Design and Build! We'll inspire ourselves by looking at art and pictures, then create our own house, castle or factory using various building materials. We'll supply the goods. All you need to bring is your imagination.

A-Z Mysteries *Lam*

■ **Grades 1-3** We will spend our summer in Green Lawn, Connecticut with Dink Duncan, Josh Pinto, and Ruth Rose Hathaway, as they solve the mystery of the hour. We'll learn about fingerprint arches and swirls, then print ourselves, and create some fingerprint art. Then we'll write clues to solve a mystery, make disguises, write secret messages in code, and play memory games. SummerGATE detectives will find out the truth!

SummerGATE Goes to Broadway: *Mary Poppins!* *Sanchez*

■ **Grades 1-3** Ours is an intense, fun-filled musical class of singing, movement, and theater where we learn to perform with joy and confidence. While focusing on the show *Mary Poppins*, students study monologues and dialogues. We learn choral music and dance routines from top-notch musical instructors. Students perform solos or ensemble songs in our performance. You won't want to miss our exciting rendition of *Mary Poppins* on the last day of SummerGATE!

Literature, Math and Music *Hertz*

■ **Grades 4-6** In *In the Year of the Boar*, we meet Shirley Temple Wong (Bandit) who comes from China to live in Brooklyn, NY, in 1947. At first, she hates school because she has no friends. But then BASEBALL and Jackie Robinson happen to Shirley! . . . and the rest is history. Students will also learn what geometry and math have to do with baseball, and how baseball can make angles and numbers fun. Students leave inspired and ready to hit many a mathematical homerun. Then they will shift to a more music focus with daily sessions in Caribbean Drumming.

What's the Matter? *Wood*

■ **Grades 5-8** Through experiments and projects, students explore concepts of beginning chemistry while investigating our water planet. In this hands-on class students model how water is continually cycled through the environment and the effects of climate change and sea level rise on our environment.

K-8 Afternoon Classes

| 1:00-4:30 | Full Day Only | Tuition\$1250.00 |

Invention Conventions *Mettling*

■ **Grades K-1** Join us as we form invention teams. After identifying a “need” or a problem, we’ll put our ideas together and come up with new and better ways of doing things. We will imagine, draw, and write, and build models of our inventions. We’ll research and test our inventions before presenting them to the class “shark-tank” style.

The Magic School Bus Goes to SummerGATE *Lam*

■ **Grades 1-3** Join our fantastic field trip with Ms. Frizzle, as our class blasts off through space and beyond! We explore and build our own solar system, launch rockets and learn about bizarre alien creatures. Then we swoop down to the ocean floor on a submarine expedition to study coral reefs and marine life as we recreate our own ocean world. Get ready for a wet, wild and wacky adventure!

Painting Through History *Bader*

■ **Grades 2-3** Young Picassos, grab your paint brush and don your smock! We will explore works of art from the major Artist Eras and immerse ourselves in the music and culture which inspired them. Using the immediate surroundings right in our neighborhood for inspiration, we will create our own works of art representing our favorite art eras, using both natural and synthetic materials.

SummerGATE Goes to Broadway: *Hamilton Sanchez*

■ **Grades 4-8** Ours is an intense, fun-filled musical class of singing, movement, and theater where we learn to perform with joy and confidence. While focusing on the show *Hamilton*, students study monologues and dialogues. We learn choral music and dance routines from top-notch musical instructors. Students perform solos or ensemble songs in our performance. You won't want to miss our exciting rendition of *Hamilton* on the last day of SummerGATE.

Maker's Workshop *Wood*

■ **Grades 4-6** We'll design, create and build our own simple machines or buildings, learning to problem-solve along the way. From carving out pieces and fitting them together; from installing pulleys to engaging gears, students become "makers."

Learning History Through Film *Cheng*

■ **Grades 6-8** Students watch films depicting significant historical events making history easy and fun for students to learn. The class gains new understanding of the establishment of our country, causes of conflicts, the great depression, the Industrial Era, and the rise of the Civil Rights Movement. A list of the age-appropriate films will be provided at the first class meeting.

SummerGATE 2022 Class Offerings| Holy Name School | 1560 40th Ave 94112

Session III for Grades K-6 July 25 - August 5 2022

Special Discount

Get a discount on your tuition! You may deduct \$10.00 per child, per Session if you submit your child(ren)'s tuition in the form of a check instead of a credit card or PayPal. Please mark qualifying deductions on each child's application form. Application forms are available at our website.

Before and Aftercare Activities

1. Childcare is available *only* from 7:30am until classes begin each morning and until 6:00pm each afternoon after classes are over.
2. The cost of childcare is an additional \$200.00 for Session III. Please include this in your tuition payment and make a note.
3. If you find that you need childcare after the session has begun, you can still sign up, but will be charged the full amount.

Merit Scholarships and Financial Aid

1. Qualifying students may receive a \$25.00 merit scholarship. Please include your child's most recent report card and any recent and relevant test scores in your application. Teacher recommendations are also strongly preferred.
2. To qualify for financial aid, refer to the [financial aid information](#) from our website and include it with your application materials. Due to the pandemic and our drastically reduced program, our ability to provide financial aid is extremely limited this year.
